B-Rel Boost Reimbursement Incentive

Effective as of 9 July 2025. Updated 31 August 2026.

Introduction and Background

To support skill development and help newer skydivers continue to progress in the sport, the VTPC has established the **B-Rel Boost Reimbursement Incentive**.

Completing B-Rel Stages 5 and 6 is an important milestone for newer skydivers. However, these jumps require additional participants beyond the B-Rel coach and can be difficult to organise due to challenges in finding experienced skydivers to assist. The B-Rel Boost is financial incentive to encourage experienced skydivers to assist with B-Rel jumps.

Incentive Overview

Experienced skydivers who participate in Stage 5 or 6 B-Rel jumps are eligible to claim a $30 reimbursement towards their jump ticket from the VTPC. **Note**: for Spring 2026, this has been boosted for full slot reimbursement.

To quality, the participating skydiver must:

- Hold a C Licence or above
- Be assisting on a B-Rel Stage 5 or Stage 6 jump
- Not be the designated B-Rel Coach or be receiving coaching payment for the jump (however, if the participating skydiver is also a qualified coach but not the designated B-Rel coach, they are eligible)

Additional information:

- The B-Rel jump does not need to be successful
- The incentive has allocated funding and may close once the funding cap is reached
- There is no limit on the number of claims per skydiver

How to Claim

To submit a claim, eligible skydivers must:

1. Complete the B-Rel Boost Reimbursement webform on the VTPC website https://vtpc.org.au/b-rel-boost-incentive/
2. Provide logbook evidence (photo or scan of the relevant page) that documents the B-Rel jump and shows:
    - Date of the jump
    - Drop zone location
    - B-Rel Stage (5 or 6)
    - Name of B-Rel candidate jumper
    - Name and signature of the B-Rel Coach

The reimbursement will be paid by direct bank transfer into the nominated account.

The VTPC may contact the signatories or drop zone to verify the claim if required.
